## Addendum

## 2. Description of the Trip

This seminar, which will be on the ground in Israel for seven days, is specifically designed to explore foreign policy and defense issues related to the U.S.-Israel relationship. Some of the key issues to be addressed include: the status of Iranian compliance with the Joint Comprehensive Plan of Action, and Iran's continued malign regional activities; the impact of Syrian civil war along Israel's northern border; the internal political situations of both Israel and the Palestinian Authority, the status of the peace process; and the expanded cooperation between the U.S. and Israel in fighting terrorism and proliferation.

The seminar will consist of discussions with Israeli government officials, military officers, Members of the Knesset, Palestinian representatives and U.S. officials, as well as site surveys of the northern border with Lebanon and Syria, the southern border with the Gaza Strip, and the security fence. The seminar also aims to provide the political, historic, and religious context to the current conflicts and issues facing Israel and the region. It will explore the connection the three monotheistic religions have with the land and the influence this connection has on today's struggles. In addition to formal meetings and briefings, the trip provides experiential opportunities to help better understand the geographical complications, the security implications, and the historic root causes of the current conflicts.

### 14/15. Sponsor Information

Founded in 1990, the American Israel Education Foundation (AIEF) is the charitable organization affiliated with AIPAC, America's pro-Israel lobby. The Foundation's fundamental purpose is to maintain and further the relationship between the U.S. and Israel. AIEF works to inform the public about Israel and the importance of the U.S.-Israel relationship, to expand public awareness about issues affecting the Middle East, and to encourage participation in public affairs, especially by young people. AIEF grants support innovative and award-winning programming that educates a wide array of participants, including college students, members of Congress and their staff, and political professionals.

AIEF funds Israel Seminars for members of Congress, Capitol Hill staffers, students, political consultants, as well as religiously motivated pro-Israel Christian, Latino and African American leaders. These trips to Israel are among the most critical programs AIEF supports on behalf of the U.S.-Israel relationship. These educational seminars allow policy makers to understand the complex historical, religious and geographic context of the Arab-Israeli conflict. Participants have the opportunity to meet with Israeli government officials, military officers, members of the Knesset, U.S. government officials, Palestinian Authority officials and leading academics and journalists. For many of the participants, who make important decisions impacting Israel and the Middle East, these trips are their first, and sometimes, only exposure to the country.

Introduction to the history of the city  
Brief walking tour

## Jerusalem

Throughout its 4,000 year history, the city of Jerusalem has changed hands many times. As home to the world's three great monotheistic religions — Judaism, Christianity and Islam — Jerusalem is probably the most disputed city in history. Today, the status of Jerusalem remains the most contentious issue in the Arab-Israeli conflict. Jerusalem has been at the heart of all recent Israeli-Palestinian negotiations, from the Oslo Accords to the Camp David Summit to the Taba negotiations, and in the most recent talks under the auspices of the U.S. Secretary of State John Kerry. To understand the current political issues, it is critical to understand Jerusalem's history and the role it has played in shaping the Middle East. This seminar will include site visits to various locations in and around Jerusalem to give participants a first-hand look at the historic significance of the city, as well as its geographic layout.

It is critical for trip participants to have an understanding of the parliamentary system in Israel. Professor Hazan explains how the parliamentary party system works, how coalitions rise and fall, and how Israeli politics differ from American politics. Since the group will be visiting with government officials throughout the week, we believe it's important to provide this overview early in the seminar.

9:00 AM      Depart for Strategic Survey of Jerusalem

9:15 AM      *Strategic Survey of Jerusalem – Part I:*  
The Historic and Holy Basin  
Guided tour of the Old City of Jerusalem

### **Old City of Jerusalem & the Holy Basin**

The Old City of Jerusalem is home to the holiest shrines of the three monotheistic religions, including the Temple Mount, the Church of the Holy Sepulchre, and the Al-Aqsa Mosque.

During the Camp David II talks, the Palestinians and Israelis differed on the Jerusalem question, namely the Old City, the status of Arab neighborhoods just outside the Old City, and religious sites such as the Temple Mount.

The Holy Basin is the historic location of Jerusalem and refers to the land surrounding the Old City, including the Mount of Olives, which is believed to be the departure point for Jesus' final entry into Jerusalem and where Jews have been burying their dead for 2,500 years. The Holy Basin also includes the Western Wall, Judaism's holiest site, and the Temple Mount (Haram al-Sharif), sacred ground for Jews, Muslims, and Christians. Control over these sensitive areas remains among the largest disputes in the Middle East.

The professionally guided survey will walk through all of these sites and others, educating trip participants on their historical impact and their role in today's political discussions.

- 4:45 PM      *Strategic Survey of Jerusalem – Part II:*  
Post-1967 Neighborhoods and the Security Barrier

### **Post-1967 Neighborhoods**

When Jerusalem was reunified in 1967, following 19 years of division, the State of Israel extended the city's boundaries to include the strategic hills surrounding Jerusalem. These hills served as launching pads between 1948 and 1967 for sniper and mortar attacks on Israeli parts of the city by the Jordanian Army. Since 1967, these hills have become vibrant neighborhoods, fully integrated into the fabric of Jerusalem. It is vital for those discussing the issue of Jerusalem to understand these neighborhoods' strategic importance and their relationship to the areas in the immediate vicinity.

### **Security Barrier**

After scores of suicide bombings and daily terrorist attacks against its civilians launched following the breakdown of the Camp David II talks, Israel began construction of a security barrier near the pre-1967 "Green Line" between Israel and the West Bank to prevent

Palestinian terrorists from infiltrating into Israeli population centers. Since its construction began, the number of attacks declined by more than 90% and the number of Israelis murdered and wounded decreased by more than 70% and 85%, respectively. The barrier is approximately 455 miles long. To Israel, the security barrier serves as a necessary obstacle to protect its people. To the Palestinians and others in the world, the barrier represents a physical and symbolic divide.

This seminar will survey the security barrier at different points along its route to see first-hand the barrier's construction, the operation of crossing points in and out of Palestinian areas, and the technology that facilitates its operation. Both en route to the barrier and at the barrier itself, the group will explore the competing arguments raised by the Israelis, Palestinians and the international community.

5:45 PM Depart for hotel

The evening will be an opportunity to gain insight into the Israeli population as a whole, what governs the perspective and decisions of various sectors and to explore how each of the sectors represented fits into Israeli society and informs the collective national narrative.

Guided tour of Yad Vashem Holocaust Memorial and Museum

**Yad Vashem**

One cannot understand Israel's position on Iran's nuclear development program without understanding the trauma of the Holocaust. Israelis view threats to its destruction in light of the events of the 1930s and 1940s, when the German government's threats to exterminate the Jewish people were not taken seriously by the international community. This museum provides an important reference point as to how Israelis interpret the threat of an Iranian nuclear program and Iranian leaders committed to Israel's destruction.

Yad Vashem, the Holocaust Martyrs' and Heroes' Remembrance Authority, was established in 1953 by an act of the Israeli Knesset. Since its inception, Yad Vashem has been entrusted with documenting the history of the Jewish people during the Holocaust period, preserving the memory and story of each of the six million victims, and imparting the legacy of the Holocaust for generations to come through its archives, library, school, museums and recognition of the Righteous Among the Nations. Located on Har Hazikaron (the Mount of Remembrance) in Jerusalem, Yad Vashem is a sprawling complex of museums, exhibits, archives, monuments, sculptures, and memorials.

Every foreign leader that travels to Israel visits Yad Vashem. Yad Vashem has become a symbol of the Jewish people and its transformation from total helplessness to self-reliance and strength. Thus, a visit to Yad Vashem provides a historical context for the Jewish state. The museum's professional docent will guide the group through the main exhibit hall and the children's memorial.

## Save a Child's Heart

Save a Child's Heart (SACH) is an Israeli-based international, non-profit organization. SACH is committed to saving lives by improving the quality of cardiac care for children from developing countries and creating centers of medical competence in these countries. SACH Israel has saved the lives of over 3,700 children from 50 countries where adequate medical care is simply

unavailable. Approximately 50% of these children are from the Palestinian Authority, Jordan, Iraq and Morocco (countries with whom Israel has either no diplomatic relations or who are in a state of war with Israel). More than 30% are from Africa, and the remainder are from Asia, Eastern Europe and the Americas. These children are treated at the Wolfson Medical Center and housed at the Legacy Heritage Children's Home of Save a Child's Heart, both located in Holon.

### **Terror Tunnels**

During the 2014 Gaza conflict, Hamas used underground tunnels to terrorize Israel's civilian population. On April 16, 2016, the Israel Defense Forces (IDF) discovered a new two-kilometers-long, concrete tunnel from the southern part of the Gaza Strip into Israel, near the border between Israel and Egypt. The discovery was made possible through the use of a new tunnel detection technology. Given the similar threats facing the United States, including on the Korean Peninsula, the U.S.-Mexico border and in various locations in the Middle East, this breakthrough technology holds significant potential for the United States.

11:45 AM *Israel's Southern Front*  
Visit to Kibbutz Kfar Aza  
Meet with residents

### **Israel's Southern Front**

Since 2001, Israeli communities bordering the Gaza Strip have been living under the threat of rocket fire. Since the Israeli withdrawal from the Gaza Strip in 2005 and the Hamas takeover of the Gaza Strip in 2007, the volume, range and accuracy of the rockets has only increased. The summer of 2014 witnessed Operation Protective Edge, which returned the issue of rocket fire from Gaza to international headlines. The visit to Kibbutz Kfar Azza and meeting with a local resident will be an opportunity to better understand the reality of living just kilometers from Israel's border with Gaza, to learn how almost 15 years of rocket fire has shaped those living in the communities most affected, to discuss the advent of Hamas "terror tunnels" into Israel's border towns and how communities have sought to cope with the threat on their doorstep, both physically and psychologically.

Alfei Menashe is a Jewish community located on the western edge of the West Bank. Less than 10 miles from the Mediterranean Sea, Alfei Menashe provides a unique vantage point to discuss Israeli settlement policy, the routing of the security barrier, as well as Israel's narrow waistline.

The discussion at Alfei Menashe will allow participants to see firsthand the proximity of Jewish and Arab neighborhoods in both Israel and the West Bank; as well as the strategic threats faced by the Israeli population living in Israel's narrow waistline.

## Meeting and Lunch with the Honorable Oded Revivi, Mayor of Efrat

Israeli settlement policy is one of the more complex issues in the ongoing negotiations between Israelis and Palestinians. This session provides an opportunity for participants to get an insider's perspective on Israeli settlement policy, the differing views among Israeli citizens, and the role settlements play in the current political climate.

- *The Jezreel Valley* – The Strategic Land Bridge connecting Asia and Africa
- *Upper Galilee* – Potential for Development

For thousands of years, the Jezreel Valley served as a land bridge linking Africa, Asia and Europe, and serving as a thoroughfare for ancient caravans and, more frequently, armies. In modern times, during World War I, for example, the British and Turkish forces fought a number of pitched battles in the valley. In 1948, following Israel's establishment, the combined forces of Iraq and Jordan attempted unsuccessfully to capture the valley in order to split the just-born Israel into two parts. In the early 20<sup>th</sup> century, after decades of neglect, Jewish pioneers drained

the swamps in the valley, transforming this region into Israel's "breadbasket" known for wheat, cotton, sunflowers and fish ponds. The Jezreel Valley is also home to historical and biblical sites including Tel Megiddo and Nazareth.

Today it is an important symbol of Israel's complex and diverse political reality. The Jezreel Valley, together with the areas of the Lower and Upper Galilee, is home to the majority of Israel's Arab citizens. A tour of this area provides an opportunity to discuss and learn about Israel's Arab citizens – 20 percent of the population – each of which has full democratic, social and welfare rights, the right to vote and serve in the Knesset, and the opportunity to serve on Israel's Supreme Court. These issues are not widely known and this segment gives trip participants the opportunity to understand Israel's relationship with its largest minority group.

## Upper Galilee

The Upper Galilee is home to the largest variety of ethnic communities in Israel including Druze, Circassian, Arab Muslim and Arab Christian villages. The Galilee is also home to ancient Jewish and Christian holy sites that provide additional historical and political context to regional tensions. Just as in the case of the Jezreel Valley, the area illustrates the role of minorities in Israel.

At the same time, the Upper Galilee is home to some of the most prominent industrial hubs. Best known among them is the Tefen Industrial area, home to numerous enterprises established by the region's residents – Jewish and Arab. In 2006, Upper Galilee's ISCAR Metal Working Company was purchased for \$5 billion by Warren Buffet's conglomerate holding company. Since then, a number of American investors have become partners in some of the region's hi-tech and bio-tech companies.

While time does not permit for sites visits, a drive through the region allows for expanding on the importance of the area in the context of the U.S.-Israel relationship.

3:00 PM *Treating Syria's Wounded*  
Visit to Ziv Medical Center

## The Ziv Medical Center

The Ziv Medical Center is situated in the heart of Israel's rural northern landscape and provides health care services and treatment for the north's ethnically and religiously diverse population. Since February 2013, Israel has taken in Syrians wounded in the course of the civil war currently being waged in that country. Many are treated at a field hospital on the border, where soldiers and paramedics of the IDF on the Israeli Golan Heights give them initial first aid and life-saving care. The Syrian wounded then either return to Syria, or are taken to an Israeli hospital to receive further treatment. Ziv Hospital is one such hospital, and has treated nearly five hundred victims of the Syrian conflict. At Ziv, the Syrian wounded, including children, civilians and militants alike, are provided with the best possible care from Israeli physicians using state of the art medical equipment. Although Israel and Syria have been in a state of war for decades, the Israeli doctors and staff at Ziv provide humanitarian aid for the wounded without regard for the

## Christian Sites at the Sea of Galilee

As part of the seminar's focus on the complex religious fabric of Israeli society, the group will be visiting several of the most sacred sites for Christians in the Holy Land. Included is a guided tour and discussion of some of the most important events in the life of Jesus by the Sea of Galilee. Just as strategic tours in Jerusalem focused on Jewish, Muslim, and Christian history and claims to the land, the site visits to the Christian sites help provide context for the competing religious

narratives for the land of Israel. For example, we will be visiting the Mount of Beatitudes, where Jesus delivered the Sermon on the Mount, the most studied and read speech of any religion in history. Our guide will also lead discussions through Capernaum and St. Peter's Church.

## Jordan: Relations with Israel, and the Growing Refugee Crisis

The tour guide will spend approximately an hour during the drive through the Jordan Valley to explore several topics related to Israel's eastern neighbor: specifically, Israeli-Jordanian strategic cooperation, as well as the implications of the Syrian civil war on the Kingdom.

The Hashemite Kingdom of Jordan became the second Arab country after Egypt to recognize Israel when it signed a comprehensive peace agreement that ended nearly five decades of warfare. Shepherded by United States President Bill Clinton, the accord signed on October 6, 1994, marked the onset of a new era of economic, cultural, and political dialogue and cooperation between the two countries.

In recent years, the two countries have worked together to combat the increased threat from terrorism by coordinating their security efforts and preventing infiltrations across their shared border. Today, Jordan hosts over 1.4 million Syrian refugees fleeing civil war. Following our discussion with Israeli soldiers patrolling the Syrian border, our guide will address how the influx of Syrian refugees and the threats in the region impact Jordan internally; as well as relations and further potential for strategic partnership between Jordan, the United States, and Israel.

7:30 PM      *Reflections on the Sabbath in Jerusalem*  
Traditional Sabbath evening dinner with Professor Gil Troy and Linda Adams  
Department of History, McGill University  
- at their home in Jerusalem

## The Sabbath in Jerusalem

Israel, the only Jewish country in the world, boasts the unique tradition of honoring the Jewish Sabbath from Friday sundown until Saturday sundown. 80% of the Israeli population will commemorate the Sabbath, in various forms, which typically include a family dinner and special blessings. The Sabbath is especially significant in Jerusalem, home to the holiest site for Jews worldwide — the remains of the First and Second Temple.

The group will be hosted by Professor Gil Troy and Linda Troy, along with their family. Professor Troy, a renowned educator and author, will lead a discussion on the importance of Jerusalem to the Jewish, Christian and Muslim populations; the potential for a final status agreement on Jerusalem (arguably the most sensitive final status issue); and the diplomatic challenges faced by Israel and the United States regarding Israeli urban development in the area.

En route briefing:  
*Jericho Road and the E-1 Corridor*

## Jericho Road and the E-1 Corridor

On the drive from Jerusalem to Masada, the group will travel on the highway known as the “Jericho Road” is the strategic importance of the area east of Jerusalem. In 1948 and in 1967, the Jordanian army attacked Jerusalem from the east – the 1948 attack resulted in the city’s division that lasted until 1967. Since then Israel has established the City of Ma’ale Adumim east of Jerusalem, today home to some 40,000 residents. To the Palestinians, however, Ma’ale Adumim is the largest settlement on the West Bank. When Israel attempted to expand Ma’ale Adumim’s boundary, into an area known as “E-1,” the U.S. State Department stepped in and asked that no construction take place there. The issue needs to be examined with those discussing the future of Jerusalem in the context of the Israeli-Palestinian negotiations.

10:00 AM *History and Geopolitics of the Roman Empire*  
Guided tour of the National Archeological Park at Masada

## **Masada**

The Sabbath in Israel begins Friday afternoon and concludes on Saturday evening. During the Sabbath, virtually everything in the country is closed including all government offices, businesses, newspapers etc. Therefore, for years, we have used Saturdays to expose our congressional members and staff delegations to some of the key historical and cultural sites in Israel such as Masada. Masada, which was excavated in the 1960s, is considered one of the most important archeological sites in Israel, indeed in the whole world.

Masada was the site of the last stand of the Jews in Israel after the Romans destroyed Jerusalem and the Holy Temple in 70 A.D. A group of Jewish zealots fled to the Judean Desert and lived in the former mountaintop fortress of King Herod known as Masada for two years resisting the onslaught of the most powerful army in the world. Determined to break the resistance, the Romans finally scaled the mountain to capture and enslave the Jewish rebels. However, when they finally arrived, they found that all the men, women and children had killed themselves as a last act of defiance. They refused to give in to the Romans and become their slaves.

The ancient story of Masada has important contemporary relevance for the modern State of Israel. "Masada shall never fall again" has become the watchword of the country which has faced existential threats since its founding in 1948. Israel's elite military units, for example, are sworn in on top of Masada in a symbolic act of defiance against Israel's contemporary enemies. These soldiers along with the thousands of Israeli school children who visit Masada each year learn the lesson that Israel should never become so weak again that it would ever face national suicide as an option.

We will spend approximately two hours atop of Masada with a professional guide. The time at Masada with the guide is focused on three areas: 1. touring the magnificent ancient excavations; 2. learning the narrative of Jewish resistance to the Romans backed by the archeological and historical evidence; 3. discussing the importance of the Masada story to the contemporary Middle East and the threats in the region.

During our trip to the Negev, we will also visit the Dead Sea, the lowest place on earth and a major source of minerals for both Israel and Jordan.

12:30 PM      *Exploration of the Dead Sea Region*  
                    - at Hod Hotel

## **Dead Sea Region**

During our drive to and from the Dead Sea area, as well as during our visit to the Dead Sea, our tour guide will discuss a variety of issues integral to understanding the region, the country, and relations with both the Palestinians and Jordanians.

It is important to note that the region is mostly desert. For decades, Israel has been challenging this arid area and developing its agricultural potential. While the Middle East is suffering from
